Northeast Community College to Briar Cliff University

TRANSFER GUIDE

BACHELOR OF ARTS IN MARKETING PROGRAM

OVERVIEW

This program prepares students to strategically develop and execute marketing plans to advance products in today's modern marketplace. Graduates learn how to satisfy individual and organizational marketing objectives while working within a brand. This program will help students learn to research the demographic, social, economic, technological, environmental and cultural factors influencing demand for a target consumer, plus how to strategically position communication to resonate with that audience. Additionally, it will teach both theoretical and applied learning foundations.

Program graduates will be able to demonstrate competencies in the core areas of research, problem solving, statistical analysis, computer skills, mathematics, oral communication and writing, apply ethical reasoning to decision making and demonstrate personal and team leadership skills.

PROGRAM ENTRY

Students enrolled in this cooperative program complete their Associate of Arts degree in Marketing at Northeast Community College and Bachelor of Arts in Marketing at Briar Cliff University. Assessment and advising before registration will help ensure success in program planning and completion.

WHY THIS PROGRAM?

Hands-on experience: In the Marketing Research class, students help real businesses gain insights into their customers. Or write a marketing plan for a local company in the Marketing Management class. At Briar Cliff, you won't just read about the practice of marketing in a book – you'll experience it!

Joining a history of excellence: Briar Cliff's nationally recognized Enactus Team has qualified for the national level of competition against universities more than 20 times our size. We are proud of the impact our Enactus group makes on the community far and wide through local and international projects.

Career focused: From Blue Bunny and Gelita to Amazon, our program alumni have gone on to work for a variety of local and international companies and corporations. Our specialized courses are taught by experienced faculty who bring their real-world experience to the classroom every day.
